

## **NOTICE TO ENGINEERING CONSULTANTS REQUEST FOR PROPOSAL**

The Oak Creek Water & Sewer Utility hereby gives notice that statements of qualifications, in conjunction with a request for proposal, will be received by Ronald J. Pritzlaff, P.E., Utility Engineer, Oak Creek Water & Sewer Utility, 170 W. Drexel Avenue, no later than **9a.m., Friday, March 8, 2013.**

The work, officially known as the Rowan Estates Subdivision Water Main Relay Project (Project No. 13105) consists of providing design services for the relay of 12,000' of existing cast/ductile iron water main as polyvinyl chloride (PVC) water main. The new pipe shall be a minimum of 8" diameter with a small section of 12" diameter pipe in the northwest portion of the project. Water services will also be relayed as part of this project.

The Oak Creek Water & Sewer Utility notifies all consultants that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit proposals in response to this invitation, and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award.

The Water and Sewer Utility Commission reserves the right to reject any and all proposals.

Published by the authority of the Oak Creek Water & Sewer Utility on January 25<sup>th</sup>, 2013.
